graph	write	
	write	autograph, graphic
log	word, study of	dialog, biology
log mort	word, study of die, death	dialog, biology mortal, mortician
log mort scrib, script	word, study of die, death write	dialog, biology mortal, mortician transcribe, subscription
log mort	word, study of die, death write see	dialog, biology mortal, mortician transcribe, subscription specimen, aspect
log mort scrib, script	word, study of die, death write see touch	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile
log mort scrib, script spec, spect	word, study of die, death write see	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile tenacious, retentive
log mort scrib, script spec, spect tact	word, study of die, death write see touch	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile
log mort scrib, script spec, spect tact ten	word, study of die, death write see touch hold	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile tenacious, retentive
log mort scrib, script spec, spect tact ten therm	word, study of die, death write see touch hold heat	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile tenacious, retentive thermostate, thermometer
log mort scrib, script spec, spect tact ten therm ver Suffix	word, study of die, death write see touch hold heat true Meaning	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile tenacious, retentive thermostate, thermometer verify
log mort scrib, script spec, spect tact ten therm ver	word, study of die, death write see touch hold heat true Meaning able to (adj.)	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile tenacious, retentive thermostate, thermometer verify Example usable
log mort scrib, script spec, spect tact ten therm ver Suffix -able, -ible -er, -or	word, study of die, death write see touch hold heat true Meaning able to (adj.) one who does (n)	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile tenacious, retentive thermostate, thermometer verify Example usable competitor
log mort scrib, script spec, spect tact ten therm ver Suffix -able, -ible -er, -or -fy	word, study of die, death write see touch hold heat true Meaning able to (adj.) one who does (n) to make (v)	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile tenacious, retentive thermostate, thermometer verify Example usable competitor dignify
log mort scrib, script spec, spect tact ten therm ver Suffix -able, -ible -er, -or -fy -ism	word, study of die, death write see touch hold heat true Meaning able to (adj.) one who does (n) to make (v) the practice of (n)	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile tenacious, retentive thermostate, thermometer verify Example usable competitor dignify rationalism, Catholicism
log mort scrib, script spec, spect tact ten therm ver Suffix -able, -ible -er, -or -fy -ism -ist	word, study of die, death write see touch hold heat true Meaning able to (adj.) one who does (n) to make (v) the practice of (n) one who is occupied with	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile tenacious, retentive thermostate, thermometer verify Example usable competitor dignify rationalism, Catholicism feminist, environmentalist
log mort scrib, script spec, spect tact ten therm ver Suffix -able, -ible -er, -or -fy -ism -ist -less	word, study of die, death write see touch hold heat true Meaning able to (adj.) one who does (n) to make (v) the practice of (n) one who is occupied with without, lacking (adj.)	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile tenacious, retentive thermostate, thermometer verify Example usable competitor dignify rationalism, Catholicism feminist, environmentalist meaningless
log mort scrib, script spec, spect tact ten therm ver Suffix -able, -ible -er, -or -fy -ism -ist -less -logue, -log	word, study of die, death write see touch hold heat true Meaning able to (adj.) one who does (n) to make (v) the practice of (n) one who is occupied with without, lacking (adj.) a particular kind of speaking or writing	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile tenacious, retentive thermostate, thermometer verify Example usable competitor dignify rationalism, Catholicism feminist, environmentalist meaningless prologue, dialog
log mort scrib, script spec, spect tact ten therm ver Suffix -able, -ible -er, -or -fy -ism -ist -less -logue, -log -ness	word, study of die, death write see touch hold heat true Meaning able to (adj.) one who does (n) to make (v) the practice of (n) one who is occupied with without, lacking (adj.) a particular kind of speaking or writing the quality of (n)	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile tenacious, retentive thermostate, thermometer verify Example usable competitor dignify rationalism, Catholicism feminist, environmentalist meaningless prologue, dialog aggressiveness
log mort scrib, script spec, spect tact ten therm ver Suffix -able, -ible -er, -or -fy -ism -ist -less -logue, -log	word, study of die, death write see touch hold heat true Meaning able to (adj.) one who does (n) to make (v) the practice of (n) one who is occupied with without, lacking (adj.) a particular kind of speaking or writing	dialog, biology mortal, mortician transcribe, subscription specimen, aspect contact, tactile tenacious, retentive thermostate, thermometer verify Example usable competitor dignify rationalism, Catholicism feminist, environmentalist meaningless prologue, dialog
